

# Cooling System Tune-up

The best way to ensure efficient operation of your central air conditioner (CAC) or air-source heat pump (ASHP) is by having it tuned-up every two years. A tune-up by a service expert can improve your unit's efficiency by as much as 20 percent, extend its life, and help protect our environment. Contact a local HVAC service contractor. After completing the tune-up, have your contractor fill out the contractor portion of the rebate below.

## Member Information

## Important

- Rebate: \$25. Submit completed rebate form and a copy of the original sales receipt.
- Tune-up must be completed where electricity is supplied by Todd-Wadena Electric Cooperative.
- The CAC or ASHP must be in operating condition, over three years of age and have not had a tune-up in the last two years.
- Rebate submittal must follow the guidelines as listed.
- Program is subject to change or cancellation without notice. Call TWEC to verify rebate status.
- Rebate is for tune-ups only, it does not cover the cost for repairs of the CAC or ASHP.
- Rebate credits under \$100 will be applied to the member's account.

**Submit completed rebate form and a copy of the original dated sales receipt within 90 days of purchase to:**
